Team SoftwareSeige Milestone 3

Liam Ryan, Evan Clark, Sandeep Kaushik, Filip Forejtek, Brad Nam

Features Completed:
- Home Page
- Log In
- Registration
- Basic Story additions
- Sprint Additions
- Task Delegations
- Database Framework

Worked During Demo:
- Project Addition
- Task Addition
- Task Deletion
- Project Deletion
- Log in Screen / Home Page
- Registration Page
- Log in / Log out

Issues During Demo:
- Integration of DB (Known before presentation)

Suggestions:
- Integrate DB
- Store data to DB, move from local storage (we have a DB ready, just needs to be integrated)
- Roles to projects
- Logs of All User Additions

Contributions:
- Liam Ryan - Back End Code, Database creation, Login / Logout Functionality
- Evan Clark - Project and Task Planning, Necessary Tasks to Complete
- Sandeep Kaushik - Project Creation Pages, Project Task Creation / Deletion, Project Creation / Deletion
- Filip Forejtek - Home Page html, Login html
- Brad Nam - Code Proofreading

8:15 Start
Front end finish 8:17
8:20 Questions
8:28 End
